

## 84 Lumber Supports Lumber Distribution Center in Korea

Mark Reginelli with 84 Lumber has just recently shipped 20 containers of treated lumber to a distribution center in Korea. Mr. Reginelli has been negotiating with the Koreans to form a partnership with each other within the building material industry. 84 Lumber has been working with the Koreans for some time now, pricing out various material for this distribution center to sell to the Korean market and is currently working on pricing for a shipment of windows, paint, stain, power tools doors and kitchen cabinets. This is an exciting new venture and the future looks successful with many more negotiations to come.
